## Historic Society to Buy Beatty House, c. 1780, With Alex Ettl Grant

The Historical Society has contracted to purchase the historic Beatty House at 19 Vandeventer Avenue from James S. Regan, former head of Princeton/Newport Partners.

According to Constance Greiff, president of the Historical Society Board of Trustees, the Historical Society has had a long interest in Beatty House, which is just around the corner from its Bainbridge House headquarters on Nassau Street. The interest is in part one of wanting to preserve the handsome yellow clapboard Georgian residence dating back to around 1780, as well as for future expansion of the Historical Society's educational programs and collections.

The purchase was made possible by a gift of \$600,000 from Alex Ettl, who also was one of the earliest major donors to the Society's current \$1.25 million capital campaign to bring Bainbridge House up to code. Herbert Hobler and Walter Fullam have also contributed substantial amounts for the acquisition of Beatty House, according to Hugh Wynne, vice president of the trustees.

Mr. Wynne and Philip A. Shaver, another trustee, were the primary negotiators with Mr. Regan to obtain the sale. The house, which has been in office use for the latter part of this century, has been on the market for several years. The agreed-upon price was \$620,000.

According to Mrs. Greiff's book *Princeton Architecture*, Beatty House originally stood on Nassau Street, across from Bainbridge House. Along with one or two of its neighbors it was moved to its present site in 1875 to make room for expansion of the Princeton University campus. Mrs. Greiff says there was a large pond in front of it.

## Geffrard Case Comes to Trial in Trenton; Charged with Stabbing Oakland St. Resident

Jury selection for the trial of Gerald Geffrard, 22, charged with the stabbing of an Oakland Street resident on June 7, 1990, is expected to begin today (Wednesday, August 7) in Mercer County Superior Court, Trenton.

Tuesday was taken up with pre-trial motions, which are expected to continue through Wednesday morning. If jury selection proceeds swiftly, the trial might begin as early as Wednesday afternoon.

Geffrard, 22, will be tried for the stabbing of Anne Woods, who is in her 20s, while she was taking a shower. He is charged with aggravated assault, burglary, and possession of a weapon for unlawful purposes. Geffrard allegedly entered the victim's home through an unlocked first-floor front window, walked into the bathroom, stabbed her twice in the left arm and rib cage, and fled.

Ms. Woods was taken to Princeton Medical Center, treated for her wounds, and released the following night.

On Tuesday, Superior Court Judge Charles A. Delehey refused Defense Attorney Robin Kay's request that the trial be dismissed because of prejudicial testimony before the Grand Jury by Prosecuting Attorney Edward Bertucio. Judge Delehey rejected Ms. Kay's arguments and noted that her brief for dismissal was untimely filed.

Ms. Kay, a public defender, took over Geffrard's defense in April, after Trenton Attorney Dallas Dixon left the case.

Geffrard was apprehended less than a half-hour after he allegedly fled the victim's home, which is situated on

## Amendment to Allow Alcohol in Parks Is Defeated in Township Committee

Abstention from voting by two members of Township Committee narrowly defeated the amendment to allow drinking in Township parks with permission of Committee on Monday night.

After listening to 25 residents speak in public hearing, all but one strongly opposed to changing the existing ordinance, Committee voted 2-1 on a motion made by Committeeman Fred Porter and seconded by Mayor Richard Woodbridge to adopt the ordinance. Without a majority of three votes, the motion failed. Committeewoman Phyllis Marchand cast the lone negative vote.

Committeewoman Ellen Souter initially supported the motion but when she realized the amendment pertained to all parks and reservations, she said she wouldn't vote for adoption unless the amendment was restricted to Turning

Basin Park. A change as substantive as limiting the permission to one park would have meant the amendment would have to be re-introduced, re-advertised and discussed again in public hearing. Mrs. Souter abstained.

Committeeman Leonard Godfrey's reason for abstaining was not clear. Earlier he had told the audience he regretted that the vote to allow the Borough Police drinking privileges at a proposed picnic in Turning Basin Park had been conducted over the telephone. But he said he did not regret the way he had voted, which was to grant the request, and added, "Princeton people are far more responsible than you give them credit for," an effort to reassure the audience that their fears of bad behavior in the parks as a result of the change were

## Two Businesses Victims Of Thefts Last Week

A hairdresser on Moore Street and an office in the 100 block of Witherspoon Street both lost cash and other property last week, the victims of burglary and theft in the Borough.

Entry into the Witherspoon office building was gained sometime between July 27 and July 30, by prying open a first floor window. Taken was \$150 in cash from a cash box on a shelf in the center of the office, and various pieces of silver jewelry, a brooch with a garnet stone, a bracelet and several rings, which were on top of a counter. They were valued at \$265.

There were no signs of forced entry at the hairdressing

shop on Moore Street, which lost \$400 cash and another \$450 in checks from an unlocked drawer, between 7 and 10 p.m. on July 31.

A resident of the 100 block of Witherspoon was also a theft victim. His room in a rooming house was entered sometime between August 3 and 5, and \$100 was taken from a cabinet next to his bed. Although he said the room is always locked, police reported there were no signs of forced entry here either.

A Princeton University graduate student left his duffel bag unattended for three hours in a Dillion Gym entryway, and has not seen it since. Inside was \$10 in cash, clothing, and a Sony Walkman.

A FitzRandolph Road resident in the process of moving put a dressing table near the curb for about half an hour last Thursday morning, and that was picked up by someone — possibly under the mistaken impression that the piece of furniture was being discarded.

### Criminal Mischief

Thomas Shockley, 19, of Spruce Street has been charged with criminal mischief by Borough Police, after he allegedly threw bricks at a U-Haul truck parked on Spruce. The incident took place in the early morning of July 30, and police responding to a call by a resident later developed information leading to Mr. Shockley's arrest.

The U-Haul vehicle had been rented by another Spruce Street resident. Damage to the truck included a cracked windshield and dents on the hood, and is estimated at less than \$500. Court date for Mr. Shockley is set for this Monday.

### Township Theft Report: Concrete Paving Blocks

"If it isn't nailed down, it will disappear" is as good a way as any to describe the thefts in the Township last week.

Someone, possibly involved in a landscaping project, stole 120 concrete blocks and 24 cone-shaped blocks from a construction site in the Valley Road-Jefferson Road area on July 28. Total value of the blocks is \$800.

The same person could well have committed a similar theft from the driveway of a Princeton-Kingston Road residence in the early morning hours of the 28th. About \$20 worth of small

paving stones were found missing by the homeowner later in the day.

Sometime between August 2 and 3 a Ridgeview Road resident lost the hubcaps and license plates off the Volkswagen parked in his driveway.

Also on August 2, a cordless telephone was reported missing from Radio Shack at Princeton Shopping Center. The \$150 phone, on display at the time, was reported missing by the store manager, who noticed it gone around 3:30 in the afternoon. He told police the store had been very busy during the previous hour.

Another shoplifting incident ended in the arrest of two suspects, who have been charged with taking nine rolls of Polaroid film from the Super Fresh in the Shopping Center. The two men took the items the afternoon of August 31.

Four were recovered outside the store by an employee, who had followed the men outside, and managed to get a description of the car and its license plate number. Police were alerted, and the vehicle was stopped on Route 206 North. Arrested were Kevin Ford, 35, of Vine Street, Trenton, and David V. Jones, 40, Trenton Road, Morrisville, Pa. They

were processed and released and face a court hearing on August 20. Five other rolls of film were recovered from their car.

a one-block roadway off Walnut Lane. After a police chase through back yards, he was found about a quarter-mile away, inside his home on Witherspoon Lane.

Indicted in September, 1990, by a Mercer County grand jury, Geffrard has been held in the Mercer County Detention Center since that time, in lieu of \$75,000 bail.

If convicted, Geffrard, a native of Haiti who arrived in Princeton in 1984 and attended Princeton High School, could be sentenced to up to 20 years in prison. He would have to serve ten years before being eligible for parole.

In April, Geffrard turned down an offer of a plea bargain by the Mercer County prosecutor's office. His lawyer said he would plead not guilty to all the charges against him.

Assistant Prosecutor Bertuccio, who has been handling the County investigation, had offered to dismiss the burglary charge if Geffrard pleaded guilty to assault.

Geffrard was working as a clerk in a grocery store on State Road at the time of the incident.

# Town Officials Allocate \$75,000 for Study Of Two Possible Ways of Expanding Library

It didn't come easily, but line that would suggest optimum staging and phasing at what they originally asked for both sites, including phasing of from the town fathers and the purchase of the Epstein's building.

**Call for Open Process**

Mayor Reed suggested that the joint Township-Borough-Library committee that made inspections of both buildings in the company of municipal engineering and construction officials in the spring be reconstituted to develop the request for proposals and to oversee the designers' work. Finally, he suggested that the

A week earlier Township Committee had "by consensus" but without formal vote decided that spending the \$75,000 for study of both sites would be the most responsible way to go about deciding which site should be selected. On Borough Council, only Mark Freda agreed with this approach, but his colleagues were committed to the downtown site. Council also knew that without both governing bodies in agreement, the Library would be left out on a limb, or as Councilwoman Jane Terpstra put it, "twisting in the wind."

After an hour and a half of public comment, some of it exceedingly acrimonious and most of it slanted toward keeping the library at the downtown site, Council voted 4-2 for a single study of the present site at \$55,000. Shortly afterwards, Council reversed itself, and voted 4-2 for the \$75,000 study of two sites. Roger Martindell and David Goldfarb cast the two negative votes this time.

Township Committee then unanimously voted to increase its appropriation to \$75,000 for a study of two sites.

Borough Mayor Marvin Reed included several stipulations to be included in the request for the proposal to be sent to architectural firms interested in doing the study. Some of them incorporated suggestions made earlier in the evening by Councilman Mark Freda, and all of them were agreeable to library officials.

The study will re-examine the assumptions of the Ad Hoc Citizens Committee on Library Facilities that called for 66,000 square feet of additional space. It will offer basic layouts and design "with not a lot of extravagances," as Mayor Reed put it. He also asked that the study include a "realistic" time

## TOPICS Of the Town

process of comparing the two sites be an open one, with periodic joint municipal meetings to review the progress of the study. Mayor Reed said that only through an open process would the public and the governing bodies support the final results.

Allison Harris, chairman of the Library board of trustees, said afterward that she was relieved that a decision had been made. "The project has been stalled since February," Ms. Harris noted. "We can't answer all their questions on exactly how much it is going to cost and how much we can raise until we have the study and a site is picked."

Earlier in the meeting, two architects in the audience, Jerry Ford and William Wolfe, said they would each independently seek to do the study, but warned that there is 20 percent inaccuracy in such studies. Both also argued for keeping the library in the center of town.

"This is a planning issue," Mr. Ford said. "The center of Princeton is the center for both municipalities. Putting the library in another location drives a wedge into the community." Mr. Ford urged the elected officials to select a site and to use the funds they would have spent on a study of sites on preliminary architectural drawings. He also argued that comparing the Epstein's site vs. the downtown location would be

like comparing apples and oranges.

Mayor Reed questioned whether Epstein's would remain available as long as it takes to do the studies, decide the site and have a fundraising feasibility study made. Mayor Reed also said at the outset that the Borough will not be able to give the Library the capital it will need for the expansion until 1993.

Mayor Richard Woodbridge also cited the financial difficulties the Township is facing and what he described as double-digit tax increases over the next few years. He said if the library was not able to raise half the cost of the expansion from private sources, he doubted the Township could ask the taxpayers for more of a tax bite.

Mayor Woodbridge said he was more interested in what he called the "fundability" of one site over another. But Library Director Jacquelyn Thresher told him the study that was about to be undertaken could answer all other questions but not the issue of fundability of a particular site. That would require a decision on the site itself, she said.

"Every professional has told us you don't go out and do a fund raising feasibility study without knowing the site," Ms. Thresher said. She said to do otherwise would be to put potential donors in the difficult position of having to choose which site they preferred and to risk losing those donors whose favorite site is not selected. She too was pleased that the decision had been made. "Now we can move forward," she said.

## Council Candidate Withdraws

The Borough Republicans find themselves facing a situation that isn't entirely new to them: finding a candidate to run for Borough Council in November.

On Monday, Jane Gregory bowed out of the race because of her impending move to Harrisburg, Pa. Republican Municipal Chair Pat Strazza said a replacement candidate will be selected shortly.

As a minority party with little success in recent municipal elections, the Borough G.O.P. has often gone to the eleventh hour in naming candidates for municipal office. Now, with the election only three months away, it will have to go even beyond that.

The two other Republican candidates for Borough Council are Yolán Arlett, a broker/salesperson with Weichert Realtors, and Oliver Houghton, a retired area building contractor and professional engineer.

The Democrats are fielding incumbent Councilpersons Lucy Mackenzie, Mark Freda, and David Goldfarb.

Democratic Mayor Marvin Reed is opposed by Richard Strazza, who owns and manages an environmental engineering firm in South Plainfield.

### Fresh-Made Pasta Shop To Open on Witherspoon

When he was a very young child, Joe Meyers remembers helping his grandparents in their Witherspoon Street bakery. Now he will open his own store at this site, a fresh pasta shop named Pasta del Giorno.

Located at 203-205 Witherspoon Street, a block south of the medical center, Mr. Meyers' store will offer fresh pasta made on the premises, Italian sauces, cold cuts imported from Italy, and a full line of Italian specialty items, including extra-virgin olive oil and instant polenta.

Mr. Meyers, now a resident of Ewing Township, grew up in Princeton and graduated from Princeton High School. His aunt, Chauncey V. Meyer, as well as his parents, still live in town.

Ms. Meyer, an employee of the Public Library, provided the Borough Zoning Department with a history of the site.

"There have always been two stores on the 203-205 Witherspoon Street site," she wrote. "Meyer's Bakery and Meyer's Grocery Store were located there for more than 100 years. Then, around 1934, the Sailliez Liquor Store moved into 203, and the Union Food Market occupied 205.

"In the late 1950's and early 1960's, Madam Swazy's French Beauty Salon was located in 203 and Cooke's Furniture did business at 205. In 1965, 205 was rented by Country Farms Stores. And, around 1967, Luxe French Dry Cleaners rented both stores [one was used for storage] until the business moved away in 1989."

In addition to the pasta store, Mr. Meyers is opening a dry cleaners and formalwear rental on the site. This will be the

first time in many years that both stores will be open.

Mr. Meyers, who said he spent six or eight months in Italy collecting the pasta recipes, will also offer varieties of home-made ravioli, including shrimp and feta cheese. Since the shelf life of these items is short, most will be frozen immediately.

Bread, too, will be available, and it will be baked on the premises, said Mr. Meyers. The selection will include Italian bread, San Francisco sour dough, Italian rolls, and light rolls. There will also be some Italian pastries.

Mr. Meyers is optimistic about the success of his new venture. "People have had to go to New York or Trenton for pasta," he said. "My grandparents owned a store here for many years and did well." He expects he will also do well once people get to know he is there.

### DWI Charge Is Brought Against Hopewell Woman

A slight accident at the corner of Cherry Valley Road and Hillside Avenue led to driving while intoxicated charges against a Hopewell Township woman.

Barbara F. Esser, 65, Aunt Molly Road, also faces careless driving charges for an incident last Saturday night. According to police, her car struck a sign post at the intersection, but she continued on.

A witness to the accident called Township police, giving a description of the car and the license plate number. Police spotted the car a short time later just north of Township Hall by the convenience store located there. Ms. Esser was taken to Township headquarters where she was processed and released in the custody of her son. She faces an August 20th court date.

**Greater Princeton TMA Gets Grant from NJDOT**

The Greater Princeton Transportation Management Association has received notice of a matching grant of \$57,610 from the New Jersey Department of Transportation.

In announcing the grant, Gov. Jim Florio noted that the work of transportation management associations (TMAs) in New Jersey is gaining greater importance as deadlines draw closer for compliance with the federal Clean Air Act guidelines concerning ozone and carbon monoxide levels. Automobile emissions are the largest contributor to air quality problems.

"Building new roads is getting more expensive, not only fiscally but environmentally as well," said Gov. Florio. "Ridesharing reduces wear and tear on our road and bridge system and cuts expenditures for maintenance and new construction."

The Greater Princeton Transportation Management Association was incorporated in late 1984 under the sponsorship of MSM (Middlesex-Somerset-Mercer) Regional Council. It promotes and

facilitates ridesharing and other programs to reduce the traffic generated by single-driver commuter cars. The Greater Princeton TMA has 32 members, including corporations, developers and municipalities.

In an effort to promote cooperation among area employers, the organization offers forums on transportation issues, and it holds regular corporate briefing sessions covering ridesharing, flex-time and staggered work hours. Nancy Podeszwa is the executive director.

For information on the Greater Princeton TMA call 452-1491.

from west of Scotch Road to east of Route 31 and on I-295 from Federal City Road to Route One. It is to be funded entirely by the Transportation Trust Fund and to be completed by December 15.

Another project in the Princeton area is the construction of a new bridge on Route 522 over the Amtrak railroad lines in South Brunswick Township. The \$12.5 million project extends 1.4 miles from New Road to Kingston Lane and includes construction of a new four-lane bridge with auxiliary lanes and approaches on a new alignment north of the existing bridge.

Dualization and installation of shoulders and a grass median are planned on the roadway portion of the project. The contractor is J.H. Reid of South Plainfield and the completion date is December 24, 1993. When the new structure is completed, it is expected to alleviate extreme traffic congestion, particularly during peak hours, and improve roadway safety.

This project is funded 85 per-

cent by the federal government and 15 percent by the state through the Transportation Trust Fund.

## Three Small Fires Set Last Week in Township

Police were kept busy last Friday night responding to reports of small fires in the eastern section of the Township.

The first call was received at 12:12 a.m., reporting a fire on Devereux Avenue near Marshall Road in the Butler Project off South Harrison Street. Police found pieces of paper on a community-type bulletin board had been set afire. These had burned out, and there was no damage to the bulletin board.

Seventeen minutes later a second call came in, reporting papers and paper products burning on the front lawn of a home on Deer Path. This fire also burned itself out, doing some damage to the lawn.

Obviously targetting the "D" streets, the culprit or culprits struck again at 12:43 on Dodds Lane. This time papers inside a mailbox were ablaze, but a resident with a garden hose came to the rescue.

Yo! I'm tearin' apart Witherspoon Street. But you can still get into your favorite stores. Ya hear me!?

#### To All Of Our Valued Customers:

You've probably noticed a bit of construction going on along Witherspoon Street in Princeton...in fact, the street and sidewalks are being completely rebuilt.

But while it'll all turn out beautifully, we hope the construction won't deter you from stopping by our stores and restaurants.

That's why we've arranged for **THREE WAYS** for you to get into Community Liquors, Urken Hardware, The Athenian Restaurant and J. McLaughlin Clothiers:

1. Walk down Witherspoon directly to our shops (wooden platforms have covered the sidewalks).
2. Walk or drive down Tulane St. (parallels Witherspoon, one block east). Look for our sign and turn into the driveway. Parking is available. Then step into any of our shops via its rear entrance.
3. Drive south on lower Witherspoon St. (now open) past the library. Turn on to Spring St. and park in either of the parking lots.

We're sorry for the inconvenience. But we're still open, still have smiles, and really look forward to seeing you. Have a great summer!

### Early Learning Project Seeks Infants, 2-6 Months

Babies in the Central Jersey area between the ages of 2 months and 6 months are being sought for participation in the Rutgers Early Learning Project.

The goal of the project, which is funded by the National Institute of Mental Health, is to gather data about the development of memory abilities during the first year of life.

For the study, a researcher visits the baby three or four times over a month or so for 15 to 20 minutes each. During the visits, the researcher takes note of how the infant remembers and responds to a colorful mobile.

Participating babies receive certificates of appreciation from Rutgers, and copies of the final report are sent to their parents when the project is completed.

Parents interested in participating can call Kim Boller at (908) 932-4819.

### Up for Federal Judgeship

Joseph E. Irenas of 196 Elm Road is being considered by the Bush Administration for a federal judgeship in New Jersey.

According to news service reports, Justice Department officials have given the go-ahead for the start of the standard FBI background investigation prior to an official appointment. Barring any unforeseen developments, Mr. Irenas, a specialist in corporate commercial and banking law for the Newark firm of McCarter & English, could be nominated by President Bush and confirmed before the end of the year.

There are four openings on the federal court in New Jersey. Three of these slots are new positions created by Congress last year, and the fourth stems from the move to senior status by U.S. District Court Judge Stanley Brotman in Camden. President Bush has acted to fill two of the vacancies.

Mr. Irenas is a 1965 graduate of Harvard Law School and has been a partner at McCarter & English since 1972. He has had extensive courtroom experience, concentrating largely in corporate and business law. He has also had wide experience in real estate, bankruptcy and environmental law.

He was an adjunct professor of commercial law and legal ethics at Rutgers Law School in Camden for a number of years and has lectured at various courses sponsored by the American and New Jersey bar associations.

Mr. Irenas is a lifelong Republican and a contributor to the GOP. He is state chairman of the United Hospitals Foundation which is raising money to build a new hospital for children in Newark. He was formerly chairman of the board of United Hospitals.

## Drinking in Parks

Continued from Page 1

not likely to come about.

Shortly after he abstained, Mr. Godfrey commented that the Township was in the process of possibly purchasing major new open space, namely Tusculum and the Institute Woods, and that the ordinance might complicate the process.

This was not an issue to the members of the audience, who came from every part of the township except the southeast (Battle Road area) and seemed to represent many different segments of the population. Mothers with young children, commuters, newcomers, old timers — they were more concerned with liability issues, the message that permitting drinking in the park gives to youth, the potential for noise and rowdiness, and the difficulty of establishing criteria for granting permission.

Eleanor Williams, 165 Grover Avenue, suggested Committee "think of it like smoking. The parks would be a more healthful place without it." Susan Hahn, a member of the Recreation Board, told Committee that

## Water Rate Increase

Elizabethtown Water Company has petitioned the New Jersey Board of Public Utilities (BPU) for a rate increase that would yield an increase in revenues of \$12.7 million or approximately 15.3 percent over current revenues.

According to Chester A. Ring 3rd, Elizabethtown president, the company expects to file rate cases annually for the next several years in order to continue to meet regulatory requirements and the needs of its customers.

The increase is needed to offset increases in the cost of water Elizabethtown purchases from the State and other operation and maintenance expenses. In addition, the increase will cover the costs to finance \$36.4 million of the Company's ongoing construction program that were not incorporated in the rates established in January 1991.

Under the proposed rates, Elizabethtown will continue to maintain rates that are lower than those of most other New Jersey water companies. The average Elizabethtown residential customer using 2,700 cubic feet or 20,200 gallons of water per quarter (the regular billing period) would notice a cost increase of \$9.66 per quarter or 74 cents per week. Upon review and approval of the BPU, the Company expects new rates would go into effect in the spring of 1992.

the Rec. Board had voted 5 to 1, with one abstention, against the proposed change.

"Those of us who voted against it felt very strongly," Ms. Hahn said. She said if a family comes into the park while a party with alcohol is going on, they would get a mixed message as to who can drink in the park and who can't, and that over time it would be very hard to let people know just what the situation is and to enforce it.

### Leave Cork in the Bottle

"The parks belong to everyone," said Patty Soffronoff of Bertrand Drive. She pointed out that a "tremendous effort" was being made by the volunteers on the Intergovernmental Drug Abuse Committee (IDAC).

the Municipal Alliance and Corner House, as well as by Princeton University to convince kids that they can have fun without alcohol. "Why change that message?" she asked, adding, "I ask you, please leave a good ordinance alone and leave the cork in the bottle."

Beatrice Boyer, the one person who asked Committee to change the ordinance, said she felt that with the proper permit, the proper liability insurance, supervision and controls the amendment would benefit "other residents" who don't have access to private clubs.

This point was also reiterated by Mr. Porter, who said he had been down to Turning Basin Park and noted the picnic pavilion, the grills, the tables and benches — everything for a good gathering but the beer. Mr. Porter drew angry comments when he said Committee had no right to deny the public a good time with beer. "That's disgraceful. You should be ashamed of yourself," they called out.

Committee procedures also came under attack. Helen Fairbanks of Valley Road, who attends every Committee meeting and stays right to the end, said she was "disturbed" by what she viewed as a violation of the Open Public Meetings Act, also known as the Sunshine Law. She questioned the mayor on the urgency of a telephone vote when a Committee meeting was scheduled the very week the vote was taken and questioned the Township attorney for having said to the

press that he did not view the vote as a violation of the Act.

"I am not a lawyer," Ms. Fairbanks said, "but the law emphasizes that public decisions must be made in public. There are many people who feel strongly about not allowing drinking in the public parks."

Mayor Woodbridge defended his action by saying that it seemed a relatively routine matter. "I didn't think it was that important," Mr. Woodbridge said.

Later in the evening, reading aloud from written remarks, he said, "I find it hard to understand why certain people have made a political football out of this ... issue."

Without mentioning Mrs. Marchand by name he accused her of going to the media and said the matter had been blown "totally out of proportion."

He also pointed to his own record as liaison with the IDAC and other anti-substance abuse efforts, but said it was "hypocritical" to allow drinking in the Mountain Lakes Park house but not in the parks themselves. Referring to the failure of Prohibition in 1918, he said, "There are certain activities you just can't stop, so you just try to control them."

Mrs. Marchand in turn accused him of not listening to the voters and said if the ordinance was adopted people would not feel comfortable using the parks. After the vote, Mr. Woodbridge started to get a substitute amendment with

guidelines introduced but abandoned the attempt shortly and returned to the remaining agenda.

### Further Business

In other business, Committee approved the issuance of \$7 million in tax exempt bonds to replace the remaining taxable bond anticipation notes for Griggs Farm construction and to finance the projected deficit. Township Chief Financial Officer Himanshu Shah reported that the market is very favorable for a bond sale right now, and that the interest rates are at the lowest in 10 years.

Committee also approved a bond ordinance increasing the appropriation for various street improvements and introduced an ordinance providing for a supplemental appropriation of \$14,000, the Township's share of the additional \$20,000 requested by the Public Library for an architectural study of the expansion of the library at its present site and at the Epstein's building.

In work session, Mr. Shah outlined a proposal to convert the present IBM computer system in the Township finance department to another system. The cost would be \$62,100 this year and an additional \$11,500 in each of the next three years for a total of \$108,100 by 1995.

Mr. Shah told Committee the conversion would save the Township \$33,525 in the long run in costs of maintaining the present system and replacing the existing IBM computer with another model.

The last item on a long agenda was the most recent re-write of the brochure proposed

several years ago by the Civil Rights Commission in an effort to create a better relationship between the police and minority groups. Mrs. Marchand said she would not vote for the brochure unless it was bilingual — in Spanish as well as English. Mayor Woodbridge defended the brochure, which he had worked on with some other citizens, "as the best you're going to get," but no one on Committee seemed to think it was well done or would serve a good purpose.

In closed session, Committee was scheduled to discuss Valley Road building negotiations, presumably Township use of the building, with the Board of Education.

—Barbara L. Johnson

### Correction

In the article in last week's TOWN TOPICS on the drinking-in-the-parks ordinance, the second half of a comment by Committeewoman Phyllis Marchand was inadvertently omitted, giving a false impression to the first half.

The complete sentence should have read: "She says she thinks it is wrong to be spending taxpayer dollars to support Corner House, the drug and alcohol abuse counseling center located in one wing of the Valley Road building, while at the same time permitting drinking in Township parks."

**HISTORICAL ACQUISITION:** The Beatty House, 19 Vandeventer Street, privately owned ever since it was built two centuries ago, has been purchased by the Historical Society of Princeton.

### Beatty House

Continued from Page 1

The first owner was Colonel Jacob Hyer, proprietor of the Hudibras Inn, also on the south side of Nassau Street where Firestone Library was expanded several years ago. However, the house retained the name of a subsequent owner, Colonel Erskines Beatty, who purchased the house in 1816 and moved there from the Castle Howard farm. The Marquis de Lafayette of France paid a visit to the

colonel's widow while on a visit to the United States in 1825.

During the 1960s, Beatty House was owned by Ardis Leigh, an antique dealer. It has also been used as offices, and it has been vacant for long periods. There is a catalpa tree in front of the house, an offspring of a tree which may have dated to the late 18th century.

According to Mrs. Greiff, the two-story house has 3,000 square feet of "usable space," excluding the attic and a large basement with unusually high ceilings. The house is built in a typical Georgian plan with

spacious center hall and four large rooms off it. There is an addition in back.

The large double parlor on the ground floor could give the Historical Society space in which to hold a small lecture, she suggests. Presently, the Society has to scout around town for a place for its lectures, because Bainbridge House does not have such a space.

However, the Society does not plan to make immediate use of the entire house. Some of the collections which will be displaced from the Bainbridge House basement by new heating, ventilating and air conditioning equipment under the renovation that is expected to begin this fall will be stored in the Beatty House basement.

In time the staff offices may be relocated from Bainbridge to Beatty House, and Bainbridge House would be used strictly as a house museum. But for the moment the Historical Society is focusing on completing the \$1.25 million capital campaign and restoring and fixing up Bainbridge House.

#### Bursting at the Seams

"We have a deep commitment to Bainbridge House," Mrs. Greiff said. "But as we did our long term plan, we realized that if we keep on growing as we have over the last 20 years, Bainbridge House is not going to be big enough. We are bursting at the seams."

Mrs. Greiff said that the Historical Society has had a legal as well as a proprietary interest in Beatty House ever since the Society granted a third mortgage on the house out of its revolving preservation trust fund to a previous owner who was having trouble keeping it up and was proposing to turn it into offices. At the time, in exchange for the infusion of cash, the Historical Society had restrictions written into the deed against any alterations to the exterior or to the staircase.

The fact that Beatty House was right around the corner from Bainbridge House, "a distance we could manage," as Mrs. Greiff puts it, also made the property an opportunity the Society shouldn't pass up. "We were looking into it, and had decided we couldn't swing it when Mr. Ettl made his incredibly generous offer," she continued. "It was his gift which made the purchase possible."

Emily Wallace, the Historical Society's executive director, commented, "This is the first property the Historical Society has owned for its own purposes.

It doubles the size of our facility."

Ms. Wallace said that for the short term, the Society will be using the basement plus a little more space, but expects to rent out the remaining rooms for the time being.

"We want to proceed with care, looking at our needs and our programs, and seeing how we can grow into both spaces," she said. "There is not enough money now to run two buildings."

Nonetheless she expressed excitement about the prospects for the future. "We'll be able to greatly expand our collections, and also our programs. It is the beginning of a new era for the Historical Society."

The Society is in the throes of getting the final permits for the renovation of Bainbridge House and has put the project, designed by Short & Ford, architects, out to bid. Ms. Wallace stressed that the purchase of Beatty House will not affect the renovations of Bainbridge House. The Historical Society staff will move into offices in Palmer Square during construction.

## Parking a Huge Factor For Those Using Library

To the Editor of Town Topics: I'd like to add some additional thoughts to the library discussions.

Do the decision makers know how many people who currently use the library drive to get there? Not even counting non-Princeton residents, if it's representative of the geographic location of residents, it has to be 75 percent or more. Do they know how much the drivers pay to park to use the "free" library or how often they get tickets for overparking — if indeed they can find a metered parking area?

Has some survey been done to determine how many citizens don't use the library because they simply won't make the special effort to find a parking place? Or, in reverse, how many new users of the library would there be if it was located in the free and accessible parking area of the shopping center?

What sensibilities are there to increase the size of the library when already there isn't adequate parking and then take away 30 parking places? What kind of planning is it to add additional congestion and inconvenience in an already crowded downtown?

### Creative Opportunities

One of the goals of a public library is to encourage citizens to use the library. What marvelous creative opportunities the shopping center site could provide for library-promoted community events, films, even library sponsored athletic events on Grover field — and all free parking! If we're all going to be taxed one way or the other, this might make it worthwhile!

If indeed it might cost more to move on to the shopping center, the difference long term has to be insignificant to the flexibility and purpose of a free public library having easy access for the most citizens.

Let's not kid ourselves about those relatively few people who walk to the present library. There are at least as many in the Borough and the Township who also could walk to the shopping center.

Next time you're driving round and round downtown Princeton trying to find a non-free parking place just to return a book, think how pleasant it would be to park at the shopping center, walk in, leave the book and have time to browse around while not worrying about getting a \$10 parking ticket.

## Continue to Ban Alcohol In All Township Parks

To the Editor of Town Topics: Booze parties in Princeton Township public parks? Selectively sanctioned by Township Committee?

Incredibly, as reported in last week's TOWN TOPICS, four out of five of our Township Committee members voted

## Does a Move to the Township Cause a Personality Change?

To the Editor of Town Topics:

Your front page article on municipal consolidation is interesting and informative. Residents of the Township are "out there" and "see things differently."

When we came to Princeton in 1942 our neighbor across the street was a professor at Columbia University who had built his house a few years earlier under the impression that his lot was in the Borough, since it was so registered, and it was to the Borough that he paid his taxes.

About 1940 at a hotly contested Borough school board election his vote was challenged by someone who claimed that he was not a Borough resident. An inquiry did indeed determine that more than half of his house was in the Township, and his registration was altered.

This presents an interesting problem. Did he and his family suffer acute personality changes on moving from room to room? Would these occur before he was aware of his misfortune, or only afterwards? Or was he actually spared permanently because he had erred in ignorance? I never noticed anything particularly strange — but then I might not, since I was a Township resident myself.

KATE NICOLL

475 Prospect Avenue

secretly (and illegally) for just that astonishing proposition!

Thanks to Phyllis Marchand, the one and only Committee member who forced the issue out into the open, our Township parks remain today off limits to public drinking.

As a lifelong moderate social drinker who remembers Prohibition and never wants to see its return, I do my drinking on private property. I certainly would not want to force others to witness my imbibing in a public park where children and teetotalers have as much right to be present as anyone else.

One noisy drunk (to say nothing of an ugly drunk) can spoil a whole acre of recreation area for everyone else.

By what criteria would Township Committee issue or withhold drinking permits for our public parks? Who would prevent drinking by minors and drunks? Who would police the premises (and at whose expense?) to control drunken behavior? How could imbibers with permits be distinguished from imbibers without permits?

What about lawsuits against the Township arising from alcohol-related accidents or incidents? Should Princeton Township itself bestow its official blessing on public drinking and also set the stage for homeward-bound drunken driving?

Phyllis Marchand has not only spared Princeton Township the disgrace of promoting alcoholic beverage consumption in competition with licensed and supervised taverns and restaurants. She has also given Mayor Woodbridge and her other colleagues on Township Committee a long-shot opportunity to rehabilitate their now tarnished images as responsible leaders of this community.

## Pragmatic Considerations Should Set Library Site

To the Editor of Town Topics: There have been some letters opting for the library to remain where it is, mainly because the writers feel this site is the "historic" and "geographical" center of town.

This point seems abstract, even elitist. Surely the decision should be based solely on the more pragmatic factors such as: cost, parking, and future viability.

When Palmer Square was a small strip of individually owned shops it was truly one of the nation's most beautiful and unique shopping places. But library users had no impact on the stores — one way or another.

Now with the plethora of ever-moving-in-and-out, ever-increasingly-expensive shops,

most townspeople, library users or not, probably couldn't even name more than a handful of the dozens of stores there.

And, as for Witherspoon Street, with about a half-dozen eating places and other food stores, certainly their customers from nearby offices and stores are not going to stop buying their lunches, a.m. and p.m. food break purchases, just because the library moves.

Other Witherspoon and nearby Nassau Street businesses are so well established and patronized that the same point applies. They might pick up more customers because of a few more parking places available, both on the street and in the library parking lot.

### Our Children's Children

And about future viability — in about 25 years or so, the next generation will be going to the library with their children. Will another expansion be being thought of then? Where will that fit in at the present site?

Unfortunately, even now the library looks cramped in a corner, with a cramped parking lot adjacent. At Epstein's there is ample space for at least one future expansion, still leaving some trees and grass at one side.

To have confined the plans to a study of one site only was as short-sighted as the view that the library must just stay put.

It's good that there will be two studies. The possibilities of each site must be analyzed in concrete details. Ten million dollars being spent shouldn't rely on the preference of either side's views.

## Move to Epstein's Site Will Lose Major Ratable

To the Editor of Town Topics: Following is an open letter I have sent to Princeton Township Committee.

Because of the sincere interest of townspeople in finding the most appropriate place for the Library to be located, to meet the needs of the greatest number of people, this issue continues to be in the limelight in our town, and rightly so. Many aspects of the Library have been discussed and debated, but what is lacking is focus on the long-term tax and economic implications to Township taxpayers.

If the library is moved to the Epstein Building at the Princeton Shopping Center, Princeton Township will permanently lose a major ratable, since library buildings are, as far as I understand, not taxable as they are normally owned by municipalities or nonprofit entities, such as educational institutions.

Can homeowners in our town continue to be asked to bear in-

creasing taxes on their homes, most of which they have worked so hard to obtain and maintain? By losing the Epstein ratable, Princeton Township taxpayers will be subsidizing, in perpetuity, the absentee owners of the Shopping Center who have not secured an anchor store to take over this "white elephant" which they have on their hands.

Can the taxpayers be expected to bail out the Shopping Center owners from their responsibility to make the Center a viable attractive entity, rather than the marginal operation it has been for years?

The Shopping Center needs at least one good anchor store — as well as a competitive food store and a variety of shops offering useful merchandise at competitive prices — to make it attractive and truly useful to a larger number of shoppers.

The Library is not a substitute here, and would relieve the Shopping Center owners from vigorously pursuing a positive transformation of the Center.

### Maintenance a Problem

The Epstein Building is in need of major repairs and continuous maintenance and significant repairs are badly needed to the parking areas, the canopies, etc. Why haven't the Shopping Center owners made these repairs years ago? Who will bear these continuing costs when all occupants of the Shopping Center are assessed for general repairs and maintenance of the Shopping Center as a whole? Again — in the case of the Epstein Building — the taxpayers.

Careful thought must be given to the Library issue by the citizen/taxpayers of our town. It is my hope that the proposed Library study will be conducted in an unbiased and objective fashion and, most important, that the elected representatives of Princeton Township will make sure that town citizens are made fully aware of all the facts pertaining to this issue.

## News of the THEATRES

### '91-92 Season Announced By McCarter Director

Emily Mann, artistic director of McCarter Theatre, has announced the offerings in drama, music and dance for the 1991-92 season.

In a letter to prospective subscribers, Ms. Mann says, "Our season will explore great works of American and European theater ranging from a brilliant new play by Edward Albee to a delightful 18th-century romantic comedy by Pierre Carlet de Marivaux." The drama season will have just four plays, because Triangle Club will be celebrating its anniversary during the month of November.

The drama season opens on October 8 with Arthur Kopit's *Indians*, a play about the making of the American West featuring Sitting Bull, Wild Bill Hickok, Geronimo, Billy the Kid and Jesse James as the leading characters. Described as a "highly entertaining extravaganza complete with music and dance," it will be directed by George Faison, who choreographed last season's *Betsey Brown* and has been the director and choreographer for many Off-Broadway and regional theaters, including the Alvin Ailey American Dance Theatre.

Shortly after the first of the year, Ms. Mann will direct Anton Chekhov's *Three Sisters*, using a translation by Lanford Wilson, whose playwriting credits include *Fifth of July* and *Talley's Folly*. Set in a pro-

vincial town in Russia at the turn of the century, this classic drama centers around a family who long for change and struggle to redefine a purpose in each of their lives.

#### New Albee Play

*Three Sisters* will be followed in February by a new play by Edward Albee entitled *Marriage Play*, which Mr. Albee will direct in a co-production with the Alley Theatre of Houston. Writes Ms. Mann, "With acerbic wit and affection, Albee probes beneath the surface of a dissolving marriage as a middle-aged couple examines their 25 years together."

The drama season concludes in late March-early April with *The Triumph of Love* by Pierre Carlet de Marivaux. This is an 18th-century French comedy which Ms. Mann calls "a brilliant exploration of the psychology of love." The plot involves a Spartan princess named Leonide who must masquerade as a man in order to gain the confidence and eventual love of Agis, the heir to her throne. Love is won and lost and won again as Leonide experiences the darker side of passion and learns the deceptive art of seduction, writes Ms. Mann.

*The Triumph of Love* will be directed by Stephen Wadsworth, whose work has been seen at the Kennedy Center, La Scala, Vienna State Opera and other opera houses in this country and Europe. Mr. Wadsworth was director and librettist for Leonard Bernstein's last opera *A Quiet Place*.

During the holiday season, McCarter will present a new *A Christmas Carol*, adapted by David Thompson and directed by Scott Ellis. They received the 1991 Drama Desk and Outer Critics Circle Awards for *And the World Goes 'Round: Songs of Kander and Ebb* currently playing at the West Side Theatre in New York.

#### The Dance Season

The dance selections for the 1991-92 season were announced by William W. Lockwood Jr., special programming director, who also announced the music series. The dance series will open with the Feld Ballets/NY on October 21, followed by performances by Dance Theater of Harlem and the Martha Graham Company. The 3-D series, now in its third year, will present performances by Pilobolus Dance Theatre, American Indian Dance Theatre and the Mark Morris Dance Group.

There will also be a special performance outside of either dance series by the Hubbard Street Dance Company in early May.

#### Perahla Opens Music Series

The music series will open September 30 with Murray

Perahia, pianist, performing an all-Mozart program with the Orpheus Chamber Orchestra. Series A also includes Thomas Hampson, baritone; Andras Schiff, piano; Midori, violin; and Orchestra of the 18th Century, Frans Bruggen, conductor.

Series B opens with the Tokyo String Quartet on October 14 and includes Peter Serkin, piano; the Moscow Virtuosi, Vladimir Spivakov, conductor/violin; Richard Goode, piano; and Matt Haimovitz, cello. The special music event will be a performance of Bach's complete Brandenburg Concerti with the New York Chamber Symphony, Jaime Laredo, conductor/violin, on December 30.

#### And far the Young ...

Five offerings are scheduled in the Crackerjacks for Kids series, ranging from Kevin Roth in a sing-along program for youngsters in grades K-3 to the Women's Sekere Ensemble, a group of female percussionists, and two performances by Asolor Touring Theatre for different age groups.

Princeton Ballet's *The Nutcracker* is on the schedule as well as the Flying Karamazov Brothers, the Peking Acrobats and Mummenschanz.

The renovations at McCarter are expected to be finished before the 1991-92 season opens. The administrative offices will be ready for occupancy in late August, and the two new glass-walled lobbies are expected to be ready for tours during the open house on Sunday, September 15.

### Stage One Season Ends With A.R. Gurney Play

A.R. Gurney's comedy, *The Cocktail Hour*, completes the 1991 summer season of Stage One Productions at the studio theater of the Rider College Fine Arts Center.

Nick Procaccino, artistic director of Stage One Productions, will direct. *The Cocktail Hour* opens on Thursday and continues for three weekends of Thursday through Sunday performances through August 25. Sunday performances are matinees at 3. All other performances are in the evening at 8.

Father and daughter onstage will be played by real-life father and daughter Karl Light and Derry Light. Mr. Light, an accomplished stage, film and television actor is making his debut appearance with Stage One Productions. Ms. Light returns after her portrayal of the suicidal young woman in *Night, Mother*, which Stage One presented in an earlier season.

*The Cocktail Hour* also features Mark Murphy, who recently directed Stage One's production of S. Michael Schnessel's *Hoppily Ever After*. Suzanne Inman makes her Stage One debut this season as the family matriarch who enjoys her cocktails just a bit too much.

In Mr. Gurney's play, a staid and stuffy Connecticut family is shaken when their son visits and announces that he has written a play about his family life. When the family learns that the play is indeed going to be produced, they display all the foibles and idiosyncracies that are destined to make their son's play a hit. But this is one family that is not happy about opening their closets.

Tickets are \$10 on Thursdays and Sundays and \$12.50 on Fridays and Saturdays. Senior citizen and student tickets are available for \$8.

For further information, call the Stage One box office at 683-0444.

**FAMILY AFFAIR:** Karl Light and his daughter Derry play father and daughter in A.R. Gurney's comedy *"The Cocktail Hour,"* the final offering of Stage One Production's summer season at the Studio Theater of the Fine Arts Building at Rider College. The play opens Thursday and runs weekends through August 25.

### Contemporary Relations Focus of Kresge Films

Summer Cinema continues with a double feature of sex, lies and videotape along with *She's Gotta Have It* Friday to Sunday, August 9 to 11, in the air conditioned Kresge Auditorium on Washington Road and William Street.

Discount books for 10 double feature admissions are on sale for \$35 at the McCarter Theatre box office and are available at Kresge during showtime. Single admission to all double

feature programs is \$4.75. For more information call the McCarter box office at 683-8000.

sex, lies and videotape is an adult film, but not in the "X-rated" sense. In his first feature, 28-year-old writer-director Steven Soderbergh was awarded the Grand Prize at the 1989 Cannes Festival. Filmed in Baton Rouge for a mere \$1.2 million, the film is a kind of *Liaisons Dangereuses* for the video age, an absorbing tale of sexual greed and fear, love and betrayal.

There are four central characters: Ann, a beautiful, frigid wife (Andie MacDowell); her adulterous husband (Peter Gallagher) who is having an illicit affair with Ann's younger and vengeful sister (Laura San Giacomo), and Graham (James Spader), a wounded but clever outsider whose volatile presence alters the chemistry of all their lives. The film evolves into an intricate dance of constantly changing partners, whose connections are based on truth, self-denial and outright deception.

*She's Gotta Have It* is a 1986 "independent" film shot in 12 days on a budget of \$175,000 by a 29-year-old NYU film school graduate named Spike Lee. At the center of *She's Gotta Have It* is the busy bed of Nola Darling, a free-spirited, sexually prolific woman simultaneously balancing three lovers, each of whom finds her too independent for his own good. One (played by Spike Lee as his alter-ego Mars Blackmon) offers Nola humor and street smarts, one offers her the glamorous life, one offers her sensitivity mixed with possessiveness.

### Dreamworlds Explored

Summer Cinema continues Tuesday through Thursday,

August 13 to 14, with a double feature attraction of *Dreams* and *Dreamchild*. The first is the 28th film by the 80-year-old Japanese master director Akira Kurosawa, so perhaps it's not surprising that it is death that haunts the eight short narratives — all drawn, he says, from incidents and images of his sleep.

*Dreamchild* is an enchanting flight of cinematic fancy dreamed up by writer Dennis Potter and director Gavin Millar. The time is 1932, the year of the Louis Carroll Centenary, and 80-year-old Alice Hargreaves, the 10-year-old girl who had inspired the Rev. Charles Dodgson to write the Alice adventures, arrives in New York to receive an honorary degree from Columbia. Bewildered by a celebrity status she did not anticipate and cannot fathom, she entertains the first frightening glimpses of her mortality.

Her memory is drawn back to the summer of 1862 when, as the child Alice Liddell, she was the inspiration for the imagination of the Rev. Dodgson (Ian Holm). As her memory is unlocked, she finds herself slipping into Wonderland as in dream sequences she enters the story world that Dodgson created for her. Ultimately, her flood of memories unlocks a recognition of the writer's love for her.

**AT OPEN AIR THEATRE:** Annette Mulholland and Jim Kennedy play the Queen and King in Pennington Players' production of the Rodgers and Hammerstein musical "Cinderella," starting Thursday at the Open Air Theatre in Washington Crossing State Park.

### 'Much Ado About Nothing' Next at Murray Theater

Princeton Summer Theater will close out its 1991 season with a production of William Shakespeare's *Much Ado About Nothing*, directed by Vera Vaughan. The play will be performed at Murray Theater on the Princeton University campus August 15-18, 22-25, and 29-31 at 8 p.m. Two Sunday matinees at 2 p.m. on August 18 and 25 will also be performed.

This warm and witty comedy juxtaposes the unconventional romance of Beatrice and Benedick, who through their highly charged exchanges of wit fall in love almost unwillingly, with the more traditional romance of Hero and Claudio, who fall in love "at first sight." Both couples encounter obstacles in the course of true love, however, and through their relationships Shakespeare explores the concepts of jealousy, manipulation, miscommunication, and materialism, observing how these factors interfere in matters of love and marriage.

Director Vera Vaughan, a senior at Princeton University, was most recently seen in Murray Theater as Mrs. Boyle in Agatha Christie's *The Mousetrap*. She has also directed a Princeton University Players production of *Closer Than Ever* and is president of The Princeton Wildcats, an all-female campus a cappella singing group. Other credits include roles in *Grease* and *Satanic Nurses* with the Princeton Triangle Club, and Catherine in *Pippin* for the Red Bank Regional Theater Company.

Ticket prices for *Much Ado About Nothing* are \$12.50 for adults and \$10 for students and senior citizens. For information and reservations, call 258-4950.

### "Cinderella" Is Readied For Open Air Theatre

The Pennington Players will present Rodgers and Hammerstein's musical *Cinderella* at the Open Air Theatre in Washington Crossing State Park. Performance dates are August 8, 9, 10, 14, 15, 16 and 17.

Written as an original musical for television, *Cinderella* starred Julie Andrews when it was broadcast live on March 31, 1957. A slightly different 1974 TV version starred Lesley Ann Warren.

### Folk Music Concert At the Public Library

The Public Library will present an evening of American folk songs with Caroline Moseley on Wednesday, August 14, at 7:30. This program is especially designed for family participation; Mrs. Moseley promises that every song will have a chorus. Free tickets for the performance are available at the library or may be reserved by calling 924-9529.

Mrs. Moseley is well known in the area as a performer and teacher. She holds an M.A. in folklore and folklife from the University of Pennsylvania and specializes in programs that relate American folk and popular music to American history. Mrs. Moseley also teaches guitar at the Adult School.

### Auditions Are Scheduled For Princeton Pro Musica

Princeton Pro Musica will hold open auditions for both professional chorus members and experienced avocational choral singers beginning on Monday, August 26, and running through Wednesday, September 11. Openings exist in each section and there are opportunities for solo work.

The chorus of 120 voices performs throughout New Jersey and makes annual appearances at Carnegie Hall in New York City. This year's season includes the east coast premiere of Libby Larsen's *Coming Forth into Day* with a text on world peace by Jehan el Sadat (Mme. Anwar Sadat) which has been funded in part by a grant from Chorus America, the Association of Professional Vocal Ensembles.

### Final Chamber Concert By the Waterloo Faculty

The Waterloo at Princeton Chamber Music Series will conclude this Friday at 8:30 in Richardson Auditorium.

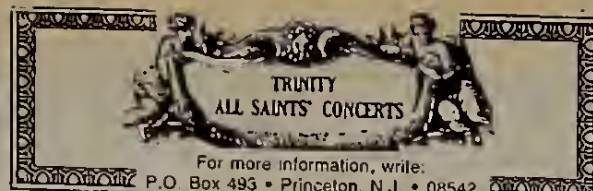

The program will include fugues from Bach's *The Well-Tempered Clavier*, a trio sonata by Handel, *Night Piece* by Arthur Foote, the Quintet Fragment by Beethoven, the *Gainsborough Suite* by Thomas Gauger, and the Piano Quintet in A Major, Op. 81 by Dvorak.

The performers in this series are faculty in the Waterloo School of Music, which is in residence on the Princeton University campus during the summer.

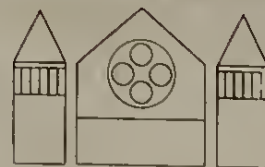

Tickets are \$10, or \$8.50 for seniors and students with a Princeton I.D. Tickets are available at the Richardson Auditorium box office, which is open Monday through Thursday from 4 to 6 and Friday from 4 to 8:30. The phone number is 258-500.

Also featured will be concert performances of Richard Wagner's opera *Rienzi* with the Opera Orchestra of New York and choreographed productions of Carl Orff's *Carmina Burana* with the New Jersey Ballet. The season also includes performances of the Faure Requiem and Handel's *Messiah*. All concerts are performed with full orchestra and feature well known soloists.

## ART

### Afro-American Project Awarded \$25,000 Grant

The Friends of the New Jersey State Museum has received a grant of \$25,000 from the Victoria Foundation on behalf of the State Museum in support of an African-American project being co-sponsored by the museum and the New Jersey Historical Commission.

The grant will be used to establish a state-wide database on Afro-American material culture in New Jersey, the first resource of its kind in the State. Information about material associated with the history of New Jersey's Afro-American community will be stored in the museum's computer system as a systematic, comprehensive and expandable list of material culture resources available to scholars and students for future study of the history of the black community in New Jersey.

The database is an outgrowth of a major exhibition being organized by the State Museum and the Historical Commission. The exhibition, "World Within a World: New Jersey African-American Institutional Life, 1800-1980," will open at the museum in January, 1993, before travelling to Camden and Newark.

with a wine and cheese reception. The show will run until Thursday, December 12.

In the spring of 1971, a small group of amateur photographers formed the club which competes in pictorial color slide and photo-journalism competitions. Members have won many honors in state- and world-wide competitions since the club's inception.

The exhibitors will be Dick Allen, Dick Borgeson, Olga Dioszeghy, Bobbie Ericson, Marj Fabregas, Ira Finke, Charles Gierman, Robert Meyers, Neil Murphy, Henry Rand, Jeanne Ruby, Audrey Smith, Jerry Smith, Fred Van Wetering.

The Stony Brook Gallery will hold a juried art exhibition in January, 1992. The theme of the exhibition is "Open Space in Central New Jersey," and it is open to all artists working in painting and mixed media. All work must be of any open space within the central New Jersey area.

There are certain limitations regarding the location of the landscape, as well as the size of the work. Any artist wishing to receive a complete set of guidelines should send a self-addressed, stamped envelope to: Stony Brook Gallery — Open Space, Stony Brook-Millstone Watershed Association, 31 Titus Mill Road, Pennington, N.J. 08534.

Here's a surprising football fact... In the entire history of the Super Bowl, the same 2 teams have NEVER appeared in consecutive years — so if the Buffalo Bills and New York Giants both make it to the Super Bowl this season as they did last season, that will be a first.

I bet you didn't know... that we are moving to 14 Main Street, Kingston, N.J. (the building next to the Canal across from the Wine Press) on August 2nd.

What's the best 9-hole score any golfer has ever

shot on the pro golf tour? ... The record is a 27, by Mike Souchak, at the 1955 Texas Open.

Here's an amazing baseball oddity... There's a player who didn't reach the majors until he was 29 years old — and yet despite that late start, he wound up pitching in more big league games than any other person who ever lived... Hoyt Wilhelm never pitched in the majors till he was 29 but then he pitched in 1,070 games, which is more than anybody else in history.

### More Home Dates Set For Tiger Basketball

It's too early to stop by Jadwin Gym to buy season tickets, but Princeton basketball fans can count on enjoying a much better home schedule than last winter.

Just about a year ago the bad news surfaced concerning the 1990-91 campaign and the paucity of home dates in Jadwin — only nine to be exact (seven league and two non-lv). On top of that, the first one did not come until January 12, halfway through the season. In the end, the good news was the heavy road schedule did not deter the Orange and Black from finishing with a superlative 24-3 mark and its third consecutive league title.

It's still difficult to get good teams to play here, where the Tigers enjoy a 27-game win streak, but the 1991-92 schedule boasts 12 home dates, with the possibility of a 13th.

As announced a couple of months ago, the Orange and Black will get an earlier start than ever before, playing at home on Wednesday, November 20, in the first round of the pre-season National Invitational Tournament. Not since they won the post-season NIT in March 1975 have the Tigers been invited back. There was no apparent reason for the snub, and indeed, they only got into this one when another school had to drop out.

That first round game will be played against Monmouth College, and a win there would send Pete Carril's boys up against the winner of the Texas/Washington match-up. The second round is scheduled for Friday, November 22, and Jadwin could be the site for the second round as well. A decision will be made after the winners of the first round are known.

The semifinals and finals will be played at Madison Square Garden, so if the Tigers are still in it at that point, the site of those games will be just an hour's train ride away for Tiger fans, and both games are expected to be televised.

Following the NIT, which ends November 29, Princeton will again be in action at home on Saturday, November 30 against Lafayette. Rutgers will be here the next Tuesday. That ends the home schedule until January.

On the road for the next month, Princeton will play five times, and almost certainly a sixth. The first weekend in December (6 and 7) will find it at the Dr. Pepper Classic in Waco

### NJ Network to Show Some Tiger Games

It won't be live on ESPN as it was a year ago, but this year's Princeton-Yale football game will still find its way on to the air waves.

The contest, set for November 16 in Palmer Stadium, will be telecast by New Jersey Network television on a tape-delay basis, beginning at 7:30 that night. The game is one of five games in the package, which includes other colleges in the state — Rutgers, Ramapo and Trenton State.

NJN sports director Bob Scanlon will handle the play-by-play, while former Princeton football coach Bob Casciola will provide commentary.

In the winter, NJN will go live to cover basketball games, also involving New Jersey schools, on Tuesday nights. The Princeton-Rutgers game set for December 3 in Jadwin is on the list. Scanlon will also handle this play-by-play, with several analysts — Jim Spanarkle, Mike O'Koren or Roy Hinson — being considered for the other spot.

Texas. Opponents in that one include Baylor, Hofstra and Southeastern Louisiana.

On Wednesday, December 10, the Orange and Black will be in Philadelphia for a mid-week game with LaSalle. The two teams had a home-and-home series a few years back, so the Explorers should be coming to Jadwin for the 1992-'93 season.

Piling up the frequent flier miles, the Tigers will head off for Provo, Utah the next weekend, December 13-14. The opposition will be tougher here with Brigham Young, Oral Roberts and Utah State booked into this tournament.

The final game before Christmas is virtually certain, but not totally confirmed. Like the UNLV date a year ago in Las

Vegas, this is a deal involving ESPN. The opponent this time is North Carolina State at Raleigh.

The Tigers and the Wolfpack haven't met since 1965, when Bill Bradley was leading Princeton into its one and only appearance in the Final Four. The Tigers knocked NC State off, 66-48, in a second-round Eastern Regional showdown.

For the first time in a while, Carril and his players will take all of Christmas vacation off (except for practices), and will not resume action until January 4, when they meet Loyola in Maryland. The home schedule resumes Wednesday, January 8 with a game against Iona.

From then on the 14-game Ivy League slate takes over, with the exception of the Franklin and Marshall game immediately after exams. Princeton will open defense of its league title at home against Penn on Saturday, January 11. That game and others may be telecast locally by C-Tec, but there is nothing definite yet. The regular season will conclude March 6 and 7 against Cornell and Columbia.

If heralded 6'9 freshman Rick Hielscher can at least begin to fill the huge void at center left by the graduation of Kit Mueller, the Tigers will be looking at additional post-season games for the fourth straight March. Four other starters — Sean Jackson, Matt

Eastwick, George Leftwich and Chris Mooney — return, plus several top-flight reserves led by Chris Marquardt and Mike Brennan.

### Several Changes Planned In Hockey Schedule '91-'92

Perhaps, it's fitting that with a new coach, there will also be major changes in the Princeton hockey schedule for this season.

This has come about because Army has dropped out of ECAC's Division I, and its spot has been filled by Union College in Troy, N.Y. That change prompted a switch in traveling partners for all but four of the 12 teams. Colgate/Cornell will remain together as will St. Lawrence/Clarkson.

The biggest proposed change is not yet official, and is awaiting some input from new coach Donald "Toot" Cahoon. At the moment, almost all of the Saturday games in Baker Rink would become afternoon contests, with a starting time of 3 p.m. Friday night games would remain at 7:30.

Athletic director Bob Myslik said he thought all teams had agreed to this, but when the contracts started coming through from the other schools, Princeton seemed to be the only team playing its Saturday home games at 3. He planned to confer with the new coach before reaching a final decision, so the time could revert to 7:30.

Teams visiting Princeton would not necessarily be in favor of the move, since they would have less time off between the end of Friday night's contest and Saturday's. But an afternoon starting time would eliminate the problem of home basketball and hockey scheduled for the same time.

One thing is certain, however — Cahoon will have the advantage of playing his first two games in Baker Rink. Cornell will open the season here on Friday, November 15, followed by Colgate the next evening. The Tigers have made the most of their opportunities with home openers, which come every other year, last losing one in 1982. The Big Red has been beaten twice during this period, but never have Cornell and Colgate been defeated on back-to-back nights. That's something for Cahoon to shoot for early.

The new pairings will include Harvard/Brown, where Princeton will play the following weekend, and Dartmouth/Vermont here for the Friday and Saturday night of Thanksgiving weekend. Yale will be Princeton's traveling partner, and instead of the mid-week games played against Army, the Elis and the Tigers will play on consecutive nights here and in New Haven on December 6 and 7.

There are just three non-league contests on the schedule instead of four this year, so Princeton's 25-game total is one under the limit of 26 allowed by the Ivy League. These non-league games will all be on the road, including two at Notre Dame the weekend of December 13 and 14, and a mid-week encounter with Northeastern on Wednesday, December 18.

Play will resume the weekend of January 3 and 4 against Clarkson and St. Lawrence on the road. RPI and Union come to town the following weekend to end the half of the ECAC schedule. Princeton will finish the season against those two in Schenectady and Troy on February 28 and 29.

The ECAC playoffs will begin the following Tuesday.

If you happen to be in the market for an automobile that can accommodate your newest addition, there are two things you should know about the Saab 9000 Series.

First, it's the only imported car in America with enough interior space to be considered a "Large" car by the EPA. So after you put in the baby and the car seat, the playpen and the blankets, the bottles and the diaper

bag, there's still room for the rest of the family.

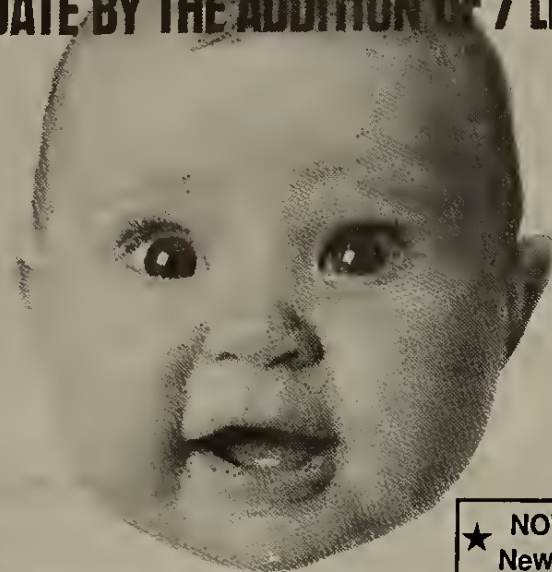

Second, the over 250 insurance companies of the Highway Loss Data Institute rated the Saab 9000 one of the safest cars in its class. Thanks in part to its anti-lock braking system, driver's-side air bag and rigid steel safety cage.

Whatever else you need to know about the 9000 Series will be revealed as soon as you drive one.

Arrange it with your local Saab dealer today.

### Doctors Place Ninth In Hospital Fete Race

A strong showing was made by the doctors and their families of Princeton Medical Center, who placed ninth as a team in the Hospital Fete 10K Race in June.

The surgeons squared off against the medical teams, among the group of nearly 1000 race participants, for a fast paced challenge. The Surgical Streaks out-distanced the Medical Marvels in the Race with good overall times and excellent age group placements.

The best overall time for the teams was captured by Matthew Pickens of the Surgical Streaks at 40:05 minutes, with his father Dr. Robert Pickens close behind at 42:28 minutes. Drs. Charlie Clark and Buzz Berger clocked times of 43:44 and 43:57 respectively for the Medical Marvels.

Drs. Leonard Grossman, Alan Feldman and Mrs. Cindy Clark rounded out the Medical team while Drs. Tom Gutowski, Tom Davidson and Tony Vasselli completed the Surgical team.

### 5K Race Is Scheduled For Aug. 31 in Hamilton

The seventh annual Summer Sizzler Runs will be held Saturday, August 31, in Hamilton Veterans Park.

This year's race distance has been changed from five miles to a more manageable five kilometers (3.1 miles). A one-mile fun run will also be held. The new five-K course is TAC certified, mostly flat and fast, traversing the Park's traffic-free bike path.

Registration will be held from 7:45 to 8:45 a.m. at the park games pavillion accessible via the Kuser Road (South) entrance. The five-K race will start at 9 a.m. with the fun run immediately following its conclusion. Entry fee prior to race day is \$10; the race day fee is \$12.

Proceeds will benefit the Mercer County Chapter of the Sunshine Foundation. The Foundation provides assistance to families with permanently disabled or terminally ill children. A major project of the organization is its annual "Dream Lift" to Orlando, Fla., for the children to enjoy Disney World for a day. This year's "Lift" benefitted 170 children.

All pre-race entries will receive a multi-colored screened racing tank-top shirt. Race day entries will receive shirts while the supply lasts. Refreshments will be available for participants after the race.

Prize money (\$100, \$50, \$30) will be awarded to the top three men and women finishers in the five-K race. Foot Locker gift certificates, Thor-Lo socks and other merchandise will be awarded to the top three men and women in each age group from 14 and under to 60 and over. Custom water squeeze bottles will be given to the top 300 finishers in the five-K and to all Fun Run finishers.

Entry forms are available at Foot Locker stores and various sporting goods stores. Entry forms may also be obtained by sending a self-addressed, stamped envelope to: Larry Baldasari, Sizzler Run, 3448 Nottingham Way, Hamilton Square 08690.

### 5th Place Finish Out of 31 For Eastern Express

The Eastern Express swim team placed fifth overall out of 31 teams that participated in the New Jersey Long Course Junior Olympics at Princeton University's Denunzio Pool recently.

John Walsh, a fifth grader at Princeton Day School, grabbed a third place in the 50 breaststroke and a fourth in the 100 breaststroke in the 10-and-under division. Wansley, Alexander and Walsh teamed up with Robert Honstein, a sixth grader at John Witherspoon Middle School, to win both the 200 freestyle relay and the 200 medley relay. Honstein qualified for the Zone Team in the backstroke and breaststroke events.

In the 13-14 division Princeton Day School freshman Heather Payne placed third in the 100 backstroke in 1:11.69 and fourth in the 200 backstroke. She was sixth in both the 200 I.M. and 400 I.M. and seventh in the 50 freestyle. Hopewell Valley Regional's Emily Morland swam the 100 freestyle in 1:04.21 to place fifth in the 13-14 category. showing among 13-14 girls was turned in by Meryl Spiewak, a sophomore at West Windsor High School, who captured sixth place in the 100 backstroke and 200 breaststroke, seventh place in the 200 backstroke and eighth place in the 100 breaststroke.

Brett Awbrey, an eighth grader at West Windsor Plainsboro Middle School, swam to second place in the 13-14 division of the 200 butterfly in 2:27.97 and third place in the 800 freestyle (9:33.96). He placed seventh in the 400 freestyle. Aaron Livingston, a sophomore at Princeton High School, was seventh in both the 100 freestyle and 200 backstroke in the 13-14 division.

### Enhancing Worker Skills Focus of New Program

The Princeton Plasma Physics Laboratory (PPPL) in partnership with Mercer County Community College (MCCC), the General Motors Inland Fisher Guide Division in Ewing, and St. Francis Medical Center in Trenton, is part of a pilot program to help an estimated 600 employees develop skills needed to meet changing technological requirements in the workplace. The program, Skills for Tomorrow — NOW (New Opportunities in the Workplace), is partially funded by a \$272,000 grant from the U.S. Department of Education.

PPPL, General Motors, and St. Francis Medical Center applied jointly for the grant and will incur matching costs primarily in the form of salaries for students' time and required administrative support. MCCC will develop, conduct and monitor the courses, which will be offered to the employees at their workplace. MCCC personnel will also assist employees

with personalized education plans and conduct evaluations of the program.

A major objective of the program is to create a training experience that can be duplicated by similar partnerships in other U.S. cities. Employees benefit directly from the training offered by such programs and employers benefit by having a more qualified workforce, by sharing in the training experience, and by savings realized in training costs.

Because the three program sites have different needs, courses will be designed specifically for each workplace. Emphasis at PPPL will be on strengthening skills used on a daily basis. Courses in subjects such as problem solving, introduction to physical science, and effective communications will be offered.

As general contractor, Yedlin will be responsible for the complete build-out of the 5,500-square-foot office suite and handle the installation of all mechanical systems. The work is expected to take 10 weeks to complete.

Orthopaedic Associates will continue to serve clients from its original offices at 325 Princeton Avenue.

## Critical Issues

### Healthcare Cost Containment

Staggering increases in healthcare and employee health insurance costs are in evidence throughout the country. Total healthcare costs in the U.S. have risen more than \$600 billion and are expected to double every six years. In 1989 alone, employers paid \$176.8 billion for health benefits for active and retired employees. And, this is further magnified by the fact that 35 million Americans are without any health insurance and have limited, if any, access to medical care.

In light of today's critical cost-related healthcare issues, CentraState Medical Center has become an innovator in cost containment and efficient quality patient care.

- As a leader in providing cost-effective ambulatory (outpatient) services, CentraState was one of the first hospitals in New Jersey to open a same-day surgical unit in 1978.
- The Medical Center further extends its commitment to developing innovative, efficient ambulatory care services through its East Tower expansion project. This addition will not only enhance existing emergency, cardiology, maternity and pediatric services, but will also prepare CentraState for future growth.
- Recognizing the important role of preventative healthcare, CentraState opened the Wellness Center in 1979. Now known as the Health Awareness Center, this revolutionary facility promotes lifestyle changes that reduce such risk factors as high blood pressure, excess weight, smoking, and stress, and encourages young people to make informed decisions about their health.

At a time when rising healthcare costs impact everyone, CentraState Medical Center continues to respond to this critical issue by developing high-quality, cost-effective regional healthcare services.

We believe that academic excellence later in life is largely due to an enthusiasm for learning inspired during the early years when a child's motivation is high and his/her chances for success are good. Students in our program in no way leave childhood behind for the sole purpose of intellectual growth. Rather, they celebrate the special gifts of their age: curiosity, flexibility, spontaneity, will, and wonder.
